

# THE HAMLIN HERALD

IN 32ND YEAR—EVERY WEEK SINCE 1905

HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JUNE 26, 1937.

NUMBER 34.

## Building Progress In Hamlin Shows Confidence In Future

It has been several years since there was much building in progress in Hamlin, but right now there is quite a bit.

It seems that every mechanic who wants a job has one in the building line.

Besides the many rebuilding jobs and refinishing jobs there is considerable new stuff being constructed.

For several weeks work has been in progress on the big addition to the Harden Hotel on South Central Avenue. At present the walls are going up and the structure is taking form. This will be quite an asset to the hotel facilities of Hamlin. The plans for this new addition is for about eleven new rooms, all fireproof, also a dining apartment and living quarters, etc., making an handsome hotel and equal to the best anywhere. We might say here that young Thad Harden, a student of architecture in A&M College, is the directing architect and builder of the new part of the Harden Hotel. Evidence already shows that Thad Jr. knows his "lesson" and will make a good grade.

The Hamlin Herald office is beginning to show its form, after the necessary time required to get a part constructed so as to accommodate temporary machinery for carrying on the Herald, and after clearing away the old land-mark iron building. Just when this new building, on North Central Avenue, will be entirely completed and what it may look like will show for itself.

The rural section about Hamlin is coming in for its share of improvements in the way of new homes. Mr. and Mrs. Earl Whaley are just finishing a lovely home on their farm east of Hamlin.

We note that Mr. and Mrs. O. C. Newsom are just completing a nice rock residence on their farm.

Back in Hamlin we find that the Hamlin Cotton Oil Mill has just finished a large comfortable office

and made other improvement about the big mill in East Hamlin.

Mr. and Mrs. S. D. McMahon have some attractive improvements being done on their home on Union Avenue, making for looks and lots of comfort.

One of Hamlin's first big, good homes, the Dr. David White house corner Jackson Avenue and 2nd street, has been dismantled and the lumber (a pile of it too) has been taken to Lamesa by the owner and it will probably go into another home in West Texas. The White home stood for many years as a model of comfort and strength.

Another old land-mark to go is what is known as the Clark residence on Hope Avenue, between 4th and 5th streets. This house like the big one across the street from the William F. Johnson apartments, known as the Lennie Walker residence, on Jackson Avenue, has come down to be rebuilt into a double apartment home just across 6th Street, southwest of the Methodist Church. Construction is now progressing on this building.

The Herald has been handicapped lately in rounding up interesting news items, and we are sure there are this day many other new things that could be told about, and later we will. We are in cramped quarters right now and it is taking superhuman efforts to make our schedule.

### TWO BOYS, JACK AND ELMER

Up on Union Avenue, at the Mrs. B. W. Nobles residence, reside Mr. and Mrs. M. Sullivan. June 18 was the first Friday and on that day, two big fine boys came to join the first three Sullivan Brothers. Now there are FIVE Sullivan Brothers. These new boys each weigh 8 pounds, and Jack arrived just 15 minutes ahead of Elmer, just after the turn of the clock 1:45 A. M. and 2:00 A. M. respectively.

Mr. Sullivan is in the oil industry and when all these boys grow up he will have enough to make a "tower."

## LAKEVIEW GOLF CLUB TOURNEY

Thursday members of the Hamlin Lakeview Golf Club began their part as host for their Fourth Annual Invitation Tournament.

The program is extending through Sunday, June 27.

Thursday's program started in afternoon and closed at 4:00 P. M. Qualifying round 18 hole Medal play. This was followed at 6:00 P. M. by a driving contest.

At 7:30 P. M. a Stag Dinner and Calcutta Pool was held at the Lake.

At night the chief attraction was at the Morgan Hotel where it was found that the Golfers could dance as well as "put."

The program continues. Friday at 7:00 A. M. 18 hole match play starts in all flights, at 1:00 P. M. Match play continues in all flights and consolations. Same program Saturday afternoon.

Sunday Championship finals 36 holes, and all other flight and consolation finals. 18 holes.

This is perhaps the biggest golfing contest ever held here.

Players from a wide section of the state are present and some of the best in the entire country. Hamlin Lakeview grounds have been placed in the best of condition and if one is looking for good fun, there is the place to get it, see it or have it.

### HAMLIN RESPONDED TO

#### SYLVESTER FIRE CALL

Last Thursday night a big fire started in Sylvester that consumed most of the business section of the good little city.

A call for help was sent to Hamlin and our men hastened there with all speed. The shortage of water was a handicap and nothing much could be done. Among the heavy losers were Mr. and Mrs. Howell, formerly of Hamlin. We understand they lost all their household goods.

Mr. J. M. West of Des Moines, New Mexico, was a visitor this week in the home of his sister, Mrs. W. E. Benson. Mr. West is a State Senator in his home state, and says he lives in the dust bowl where they haven't had a crop for 5 years, yet the people with the help of Uncle Sam are carrying on. While here Mr. West, in company with Mr. and Mrs. W. E. Benson, visited relatives at Bronte and Abilene.

Farrow Burns, who has been visiting his parents, Mr. and Mrs. Arthur Burns, for the past ten days, has returned to San Diego, California to resume his duties in Uncle Sam's navy.

Mr. and Mrs. K. C. Spratling, of Phoenix, Arizona, were guests of Mr. and Mrs. Ezell Monday night. Mr. Spratling was superintendent of Hamlin schools in 1914. His home was where the Ira Clements residence now stands. They had been to Knox City to visit relatives and also to Caddo and Mineral Wells. Mrs. Spratling is a daughter of Mrs. J. P. Lamar, a former pioneer of Hamlin. Hamlin had undergone so many changes since 1914 that nowhere did any street or section of town seemed natural to Mr. and Mrs. Pratlign.

### MISS VIOLA ROUNTREE

MARRIED, JUNE 17, TO

MR. SPAULDING OF OREGON

Miss Viola Rountree and Mr. R. T. Spaulding were married, Thursday, June 17. The marriage vows were read in Olney, Texas, by Rev. W. H. Townsend, pastor of the First Baptist Church of that city.

Mrs. Spaulding is the daughter of Mr. and Mrs. J. D. Rountree of Hamlin. She has been employed with the Southwestern Bell Telephone Company in Wichita Falls, Texas, for the past two years.

Mr. Spaulding is the son of Rev. Frank T. Spaulding of Hoodriver, Oregon. He is the regional manager of the Southwestern Maytag Company with headquarters in San Antonio, Texas.

### NEW FEED OATS

for sale at my barn west of town, 50c per bushel.—T. A. JEAN.

## OTHERS LEARNING ABOUT POULTRY

WACO, Texas, June 16, 1937.—

(Special to the Hamlin Herald)—Four members of the Hamlin Hatchery are in Waco attending a dealer training school being held by Dr. Salsbury's Laboratories, poultry research and service organization. These members are Mr. and Mrs. Curtis Martin, R. E. Dobbins, and W. H. Hall. The laboratories in Charles City, Iowa, are headquarters for the Dr. Salsbury's National Wide Poultry Health Service, of which the Hamlin Hatchery is a member.

In attending the school, these individuals, along with a group of other Dr. Salsbury dealers, are taking two weeks of intensive training in diagnosis and treatment of poultry diseases. The purpose of the school is to make members of this National Wide Poultry Health Service of greater use to poultry raisers in their communities.

The session of the school which these people are now attending is the forty-first session of the two-week school. Up to this time there have been a total of 889 graduates of the school. The forty previous sessions have been attended by dealers from all forty-eight states and from some of the Canadian provinces.

These people will remain in Waco until Friday, June 25, when the school will close.

### PRIMITIVE BAPTIST TO

#### PREACH SATURDAY NIGHT

Elder Jake Richardson, of Robert Lee, a minister of the Primitive Baptist Church, will preach at the Nazarene Church this Saturday night at 8 o'clock. You are invited to attend.

Mr. and Mrs. J. M. Grayson and son, Haywood, of Wichita Falls, spent Sunday with Mr. and Mrs. W. B. Cotten and family.

### CLUB WOMEN WIN

#### AWARDS IN EXHIBIT

The Home Demonstration Club women of Jones County held their dresser scarf and vanity set exhibit June 19, at the Barrow Furniture Company, in Hamlin. Sixty-one exhibits were on display. Miss Ethel Rowell, Home Economics instructor in Stamford, judged the exhibit, and the following were awarded ribbons:

#### LINEN VANITIES—

1. Mrs. Della Cook, Hodges Home Demonstration Club,
2. Mrs. Robert Manly, Willow Creek Home Demonstration Club,
3. Mrs. R. G. Young, Delk Home Demonstration Club,
4. Mrs. Ed Ashburn, Tuxedo Home Demonstration Club.

#### LINEN SCARFS—

1. Mrs. Gaston Blair, Delk Home Demonstration Club,
2. Mrs. A. L. Hughes, South Stamford Home Dem. Club,
3. Mrs. Karl Bonneaux, Goodman Home Dem. Club,
3. Mrs. Alex Capps, South Stamford Home Dem. Club,
4. Mrs. Dewey Ramsey, Compere Home Dem. Club.

#### COTTON SCARFS—

1. Mrs. R. G. Young, Delk Home Dem. Club,
2. Mrs. Novel Baize, Tuxedo Home Demonstration Club,
3. Mrs. E. K. Whitenberg, Nienda Home Dem. Club,
4. Mrs. Kline Manly, Willow Creek Home Dem. Club,
4. Mrs. J. H. Wendland, Goodman Home Dem. Club.

#### COTTON VANITY SET—

2. Mrs. C. W. Sorrels, South Stamford Home Dem. Club.

Mrs. J. B. Eakin and Mrs. J. W. Ezell returned Friday from Dallas where Mrs. Ezell had gone for medical treatment. They were accompanied home by Mrs. Eakin's mother, Mrs. E. T. McGee, who will visit here for the week. Miss Mary Emily Eakin who accompanied her mother and Mrs. Ezell to Dallas remained for a longer visit.

## HAMLIN OILERS ARE BALL PLAYERS

But the first question right now is: "Who are the 'Oilers'?"

Here's the line up: McCoy, I. Raymond Day, 2b., Arice Jones, C. Dusk Weaver, 1f., Cotton Portwood, cf., Rolf Hallums, 3b., Finis Barlett, ss., Brad Rowland, 1b., Horace Black, p., Lefty Courtney, p, Bennie Ford, c., Creed Portwood, uttl., Roy Brown, c., Hulan Bradford, c., and A. D. Ensey, 2b.

The boys behind the Hamlin Oilers are Fred Hulsey, Business Manager, Tom Vaughan, Asst. Bus. Mgr., Spuil Dean, Team Mgr., Rolf Hallum, playing captain.

### THE GAME SUNDAY

Last Sunday the Oilers invaded the Anson Tiger's lot and fought 'em to a hard eleven frames. The Oilers got out with 8 runs and the Tigers 6.

The sensation of the Sunday game at Anson was the double by Runt McCoy and a home run over the left field fence by Arice Jones to mark up the two winning markers. Lefty allowed 8 hits and was credited with 18 strikeouts.

The feature hits by Anson were credited to Baxter, who got a double and a home run. Jennings pitching for Anson allowed 14 hits struck out 8.

### HAMLIN PLAYS MONDAY

#### AT HAMLIN SUNDAY

Those loving a good ball game may expect to be entertained on the home lot this Sunday when the Oilers take on the "Munday Mugs". They also have a real team and stand high in the W. V. League.

Hamlin folks furnish the big crowds at every game, especially if it is at home—however, not a game is played anywhere but that there are plenty of Hamlinites there to yell and boost the Oilers.

Mrs. Bernice Shelton is spending the summer in Dallas with her aunt Mrs. J. W. Few.

IT MIGHT BE THE DIFFERENCE BETWEEN . . .

## LIFE and DEATH

—More injuries occurred in the home last year than resulted from Traffic Accidents.

—Many temporary minor injuries developed into major catastrophies because of lack of understanding of first aid methods and remedies.

—For the guidance of all, the following suggestions are offered, topped off with the urgent request that every adult and child study carefully the simple first aid techniques.

- 1. Be sure and have a complete FIRST AID KIT in the home and another in the automobile.
- 2. In any emergency keep calm.
- 3. Send at once for a doctor.
- 4. Never allow anything not sterilized to come in contact with any break in the skin.
- 5. Don't wash a wound; sterilize it with Iodine or Mercur-ochrome.
- 6. Learn the technique of reviving a drowning person.
- 7. Learn to make a tourniquet and to apply it.
- 8. Learn to apply simple dressing for the protection against infection.

—Upon the observance of these simple rules may depend, some day, the difference between "LIFE and DEATH" for a loved one.

## AUSTIN TEA PARTY

Last Tuesday the House of Representatives, after consuming \$500 worth of time in debate, voted 71 yeas to 36 noes to appoint a three-man committee to inform a drug store near the State Capitol that unless a 2-cent bottle deposit was dropped from the price of soda water delivered to Representatives, they would establish their own soft drink dispensary in the legislative chamber.

Quoth one legislator: "You remember the Boston tea party, don't you? It wasn't the tax but the principle that brought on the American revolution. Well, it isn't the 2 cents, it's the principle we object to." Yes, we remember the Boston tea party, and the clarion call for justice should doubtless stir the patriots of admiration for the progress achieved between the time when we had taxation without representation until now when we have altogether too much of both.

And it is all right if the Legislature wants to start another revolution and become bottle-scarred veterans, but us common folks, who have never objected to paying a 2-cent bottle deposit nearly so much as paying each of the boys in Austin 10 a day to resolve about it, feel at it's not the principle of this resolution we object to — it's the tax. — DALE MILLER in the Texas Weekly.

It might also be called to mind that only a few short weeks ago, these gentlemen who are so keen for the right principle spent many hours forming an amendment to the State Constitution raising their salaries from the paltry little ten dollars per year they are now receiving to what six ever they might desire. This due thus spent cost the tax payers thousands of dollars. This said amendment is later to be submitted to "we feeble minded voters" who have formed the habit of voting "yes" on all constitutional amendments whether we know what the result will be. Will we do it? Will we —

## SWEDONIA 4-H CLUB

"Birds being trained for the show should have plenty of mash, and grain but not an excess of yellow corn," said Jewell Hipp, Assistant Home Demonstration Agent of Fisher County, to the Swedonia 4-H Girls Club, in the home of Jimmie Dee George June 17, at 3:00 o'clock. "Yellow corn fed to white varieties of birds may cause the feathers to be creamy," she continued. Finishes for slips and dresses were discussed and displayed. "Darts may be made easily and thread tying" eliminated by threading the needle backward," Miss Hipp stated. Six members, our sponsor, Miss Gertie Young, one visitor, Mrs. J. A. George and the Assistant Agent were present.

## M'CAULLEY MATTERS

(By JOHN P. HARDESTY)

Willard Maberry and Miss Jessie Maud Humphries were married in Sweetwater Saturday. They left immediately for Carlsbad Caverns on a short honeymoon trip. Mr. Maberry is the son of Mr. and Mrs. Dave Maberry, pioneer citizens of McCauley. Mrs. Maberry is the only daughter of Mr. and Mrs. J. M. Humphries, also long time residents of McCauley. She is a graduate of Hardin-Simmons University of the class of 1926. For the past two years she has been teaching in the public schools in Runnels county. The couple will reside in their beautiful farm home three miles northeast of McCauley.

C. A. (Happy) McHone, of Dallas, and formerly of McCauley, is now associated with J. M. Humphries in the barber business, where he will be glad to renew former friendships, and meet new friends and customers.

Miss June Davison, daughter of Mr. and Mrs. W. F. Davison, is home from Denton, where she attended North Texas State Teachers College the past year. Her sister, Miss Jewell, who received her degree from the college recently, remained for special work for a few weeks.

Born to Mr. and Mrs. M. C. Moffett on last Friday, a son. The ladies of the McCauley community gave the mother and baby a shower on Tuesday afternoon.

Bonnie Bingham, until recently with J. M. Humphries, has opened a barbershop in the rear of the building occupied by the Clover farm grocery. He will appreciate his customers calling on him in his new quarters.

Rev. Carson Taylor, Dallas, who is devoting his effort to the education of the people on the scientific effects of alcohol on the brain, body, and destiny of humanity, filled the pulpit of the Baptist church Sunday morning. Bro. Taylor has a message that ought to be delivered in every church and school in all this country. He spoke at Royston Sunday evening.

Dr. J. D. Sandefer, president of Hardin-Simmons University, has been invited to be guest speaker for the Booster Club banquet to be held at the Methodist church, Tuesday evening, 8:30, June 29. The Methodist ladies will serve the meal. This will be the last banquet to be held by the club until the summer season is over. The next will probably be in September.

## KNOW TEXAS

By F. L. McDONALD, T. S. C. W. NEWS BUREAU, DENTON

DENTON, Texas. — A surprise awaits the stranger who travels from the Western plateaus into the Rio Grande Valley. Without warning the desert suddenly becomes miles and miles of precisely planted fruit trees, vegetables and other greenery.

Driving southward from Del Rio the tourist can relax on a paved road through Uvalde and down to Laredo, one of the important gateways from Texas to Old Mexico. In this region are the first evidences of one of the most remarkable agricultural developments in America.

Converting the waters of the Rio Grande to irrigate these fertile soils made the valley a leader in the nation's citrus fruit and winter vegetable production. During any month of the year the sight-seer can view well-cultivated fields from the palm-lined highways, since the climate makes the entire valley suitable for year-round agriculture.

After the ride down through Hebronville, San Diego, Falfurrias and Edinburg, one finds himself in the Lower Valley. Although this section teems with industries and trade, it nevertheless presents a rather sleepy countenance to the world, and the visitor soon learns the importance of "siestas."

Brownsville, the most southern point in the United States, is the commercial center of Cameron County, which leads Texas in the value of its truck crops. It might also lead in the beauty of its crops, since nothing else quite equals the endless, rhythmic rows of citrus orchards and the abundance of well planned gardens.

Near Brownsville is Matamoros, another introduction to Mexico, and no trip to South Texas is complete without one or two visits "across the border."

**"They're the most economical trucks for all-round duty"**

**Perfected Hydraulic Brakes . . . Greatest Pulling Power in Their Price Range . . . New Steelstream Styling**

FOR ECONOMICAL TRANSPORTATION

Thousands of Chevrolet users will tell you that the best answer to your transportation needs is—Chevrolet trucks!

Chevrolet trucks have the greatest pulling power in their price range . . . because they have a New High-Compression Valve-in-Head Engine which wrings the last ounce of power out of every gallon of fuel.

Chevrolet trucks are the most economical for all-round duty . . . because they give maximum gas and oil mileage, and will keep on serving over a long period with minimum care and attention.

And Chevrolet trucks are safer, more modern, more durable . . . because they're the only low-priced trucks with Perfected Hydraulic Brakes, New Steelstream Styling, and extra-strong Chevrolet construction throughout.

Ask your nearest Chevrolet dealer for a thorough demonstration—today!

Little Jimmy Feagan, son of Mr. and Mrs. Elmer Feagan, was taken to Stamford Wednesday for an operation for tonsils. He is at home now and doing fine.

Coy Magee, who is with the Hamlin Cotton Oil Mill, has just returned from a Oil Mill Short Course at A. & M. College. Each year the company sends several men to take this course. A. & M. College has many short courses and they are very practical. In this case they have a miniature modern oil mill, and one week each year, mill men from all over the country meet there and demonstrate this work; they make every kind of a test possible and try out every new idea they have picked up from the past season's run. They are assisted by big machinery men, general superintendents and able college professors.

Coy says they had one man from South America, one from China and three from Japan.

Thanks for the good work of A. & M. College.

Mrs. J. L. Beavers is in Tucumcari, New Mexico, with her sister, who had a major operation. While away she will also visit her daughter, Mrs. C. L. Patterson in El Paso.

## HOSPITAL NOTES

Mrs. W. T. Ivy, of Andrew, Texas, and Mrs. Ira Treadwell and son, John T., of Stamford, were among those dismissed from the hospital Saturday.

\*\*\*

Little James Rodgers, son of Mr. and Mrs. E. E. Rodgers, had minor surgery Monday.

\*\*\*

Little Glen Darrel Eaton, son of Mr. and Mrs. L. H. Eaton, had tonsillectomy Tuesday.

\*\*\*

Miss Verna Mae Colwell is convalescing from a tonsillectomy since Tuesday.

\*\*\*

Mrs. R. D. Moore Sr. was admitted to the hospital Wednesday as a medical patient.

\*\*\*

Dr. and Mrs. J. T. Bynum Sr. and Dr. and Mrs. J. T. Bynum Jr., are vacationing in Old Mexico.

\*\*\*

Alumnae of Stamford Sanitarium had their monthly meeting June 18. Misses Myrtle Cohorn and Gladys Davis were hostesses.

After a short business session refreshments were served to Mrs. Tad Casiner, Harry Dickenson Ashley and Miss D. Posey, all of Stamford. The alumnae will have its next regular meeting in October, at the Nurses Home in Stamford.

## ARTHUR PERRY

Below is a sketch of the life of Arthur Perry, a man well known in the Hamlin community, who passed away after a short illness at the Bates Tourist Camp, some time during Saturday night of June 13.

The details of his life could not be obtained for publication last week.

The deceased came to this county in 1932 and later lived on the J. L. Keen farm east of Hamlin. He had suffered nearly all his life with asthma, however he continued to work and carry on despite this handicap. He was the fifth child of nine children. There were four boys and five girls in the family. Those who survive are: Mrs. Mattie Bentley, Ranlett, Okla., Mrs. Beatrice Holloway, Voca, Texas, Mrs. Ida Ernst, Hamlin, J. C. Perry, Headrick, Oklahoma, and Eugene Perry, Hamlin. The father and mother passed away 25 and 10 years, ago, respectively. He made his home with his sister, Mrs. Ernst, in Hamlin.

Arthur Perry had been member of the Baptist Church since the age of 18 years, when he joined the church at Union Band in Mason County.

Funeral services were held at the home of Eugene Perry on Monday, June 14, at one o'clock, conducted by Rev. Ernest Massey, assistant pastor of the First Baptist Church, of Hamlin.

Maples Funeral Home had charge of the body and burial was at Oplin Cemetery in Callahan County.

## FISHER CO. CLUBS

By JEWELL HIPP,  
Asst. Home Demonstration Agent

A poultry training school was conducted by Geo. P. McCarthy, Assistant Extension Poultry Specialist A&M College, Friday morning, June 11 at the S. E. Knox farm. To secure high egg production in late summer, fall and winter it is absolutely necessary that the hens be properly fed. The best of stock improperly fed will not return the maximum yield and profit. Likewise stock not bred for egg production, stock improperly housed or diseased, will not return a profit regardless of feed or the method of feeding," Mr. McCarthy said.

Scratch feed should contain a variety of two or three different grains, Milo maize is practically equal to yellow corn in feeding value except in vitamin content. Birds should have access to plenty of green food at all times. Swiss Chard is a very good plant for one can have it in the garden and plenty of greens for the family as well as poultry.

A common error made in feeding poultry is over-feeding of grain which reduces mash consumption and retards egg production. Light grain feeding in the morning, about 3 lbs. per 100 hens is advisable. Then one hour before roosting time allow hens all the grain they will consume; heavy breeds average 12 to 14 lbs. per 100 birds—in colder months and 9 to 10 pounds, of grain per 100 birds. Light breeds 10 to 12 lbs. for winter and 8 to 10 lbs. will be sufficient in summer," he said.

HERE'S WHY FIRESTONE  
ALWAYS GIVES YOU SO MUCHMore for  
Your Money

Firestone Rubber Plantations in Liberia furnish over increasing supply of finest quality rubber.

FROM the day of its introduction, the Firestone Standard Tire has more than lived up to its name by setting a new high standard of tire values. Hundreds of thousands of car owners have already bought it because they saw in it more value for their money.

"How does Firestone do it? How can they build so many extra value features into Firestone Standard Tires and yet sell them at such low prices?" The answer is simple—Firestone controls better-quality rubber and cotton supplies at their source, keeps manufacturing costs low by efficient factory methods and sells in such huge volume that distribution costs are held to a minimum.

Make no mistake about this! The Firestone Standard Tire gives you the blowout protection of Firestone's patented Gum-Dipping process. Its scientifically designed tread gives greater non-skid protection and longer wear. And those two extra layers of Gum-Dipped cords under the tread guard against punctures.

Before you buy ANY tire at ANY price, see today's top tire value—the Firestone Standard Tire. Don't risk your life with thin, worn tires on your Fourth of July trip. Join the Firestone SAVE A LIFE Campaign today by equipping your car with a set of new Firestone Standard Tires.

HAMLIN

TEXAS

trapnesting is a good way to determine the good, good and fair layers in the flock. This is done by culling four times per year, leg-banding all the layers each time with a different color leg band.

1. As soon as the pullets come into production place a red on each. This is selection for early maturity. This is usually done in September or October.

2. In December or January go through the flock again and place white bands on winter layers. Those that do not have red bands should be sold.

3. Sometime in May cull the flock and remove non-layers, excessively fat and those carrying no bands, and place blue bands on layers.

4. In July or August cull for non-layers, check for birds still in production and has not molted.

Three or four band hens at the end of the year should be mated with a pedigreed male bird from a known high production strain. Since the male bird plays a very important part in building up the flock as a whole. This flock of hens are held over for another years laying. Care should be taken not to push the pullets too

fast into production. Give them plenty of growing mash and an abundance of green feed; a feed space to range on to insure ample exercise.

One cannot brag his way to prosperity.

## FORMER HAMLIN WOMAN

## DIED AT WINTERS

Mrs. G. E. Nicholson, who suffered a paralytic stroke eight months ago, died Monday at her home in Winters. Funeral service was held Tuesday morning by Rev. W. T. Hamor, pastor of the First Baptist Church of Winters, assisted by Rev. J. H. Littleton, of Hamlin, a long time friend of the Nicholson family.

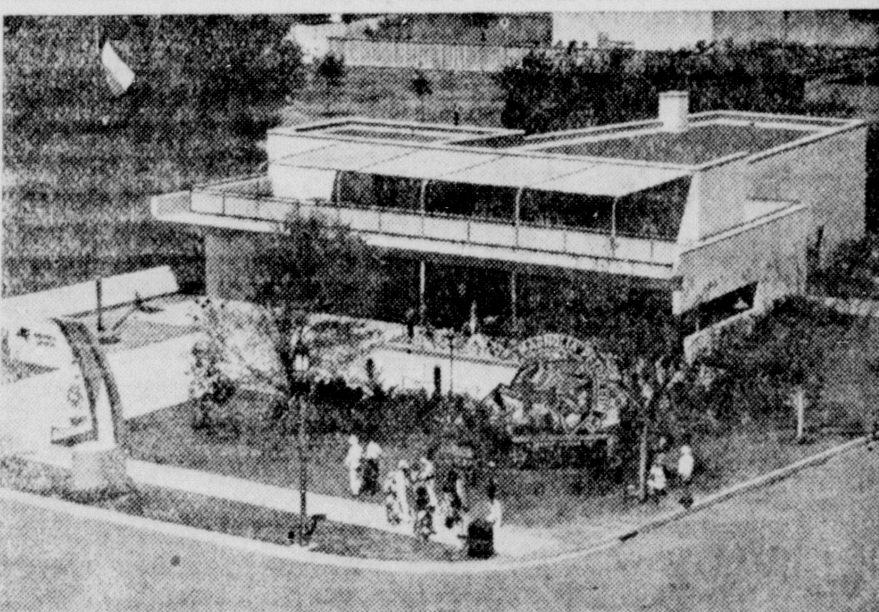

Mrs. A. D. Dixon, Mrs. J. C. Greenway and Mrs. W. R. Wilkerson, of Hamlin are sisters of Mrs. Nicholson, and were at her bedside at the time of her death. Other relatives and friends from Hamlin attended the funeral.

## BUY A HOME

Stucco house on Park Street for rent or sale. Parties interested communicate with E. D. Davis, Box 706, Borger, Texas. The house is a nice five room house, equipped with shades and has been well taken care of since built in 1929. Will sell the place at a price and arrange terms so a man can afford to buy rather than rent.

Mrs. Jim B. Miller returned to her home in the Dovie community Sunday from an extended visit with her daughter, Mrs. John W. Roberts and husband in Knox City. While away Mrs. Miller visited Mr. and Mrs. L. F. Fannin in Odell, and other relatives in Vernon and Seymour. Her sister, Mrs. Fannie Sany accompanied her home and will visit here.

Mrs. Bonham Rogers of Fort Worth was a guest of her sister Mrs. Ray Russell and family Thursday and Friday of this week.

Major Bowes' Amateurs to Appear  
at Magnolia Lounge During  
Pan American Exposition

Magnolia Lounge—Greater Texas and Pan American Exposition, Dallas

Dallas (Special).—The best talent of Major Bowes' amateurs will appear, under auspices of the Magnolia Petroleum Company, at the Greater Texas and Pan American Exposition which opens June 12. This announcement was made by Fred M. Lege, Jr., vice president in charge of marketing.

The amateurs, to be presented five times daily at the Magnolia Lounge on the exposition grounds, will be selected by Major Bowes personally. Every Thursday night from 7 to 8 o'clock, during the exposition period, Major Bowes will include a Magnolia talent search in with his nation-wide broadcast. From these programs the best acts are to appear at the Magnolia Lounge in the exposition grounds.

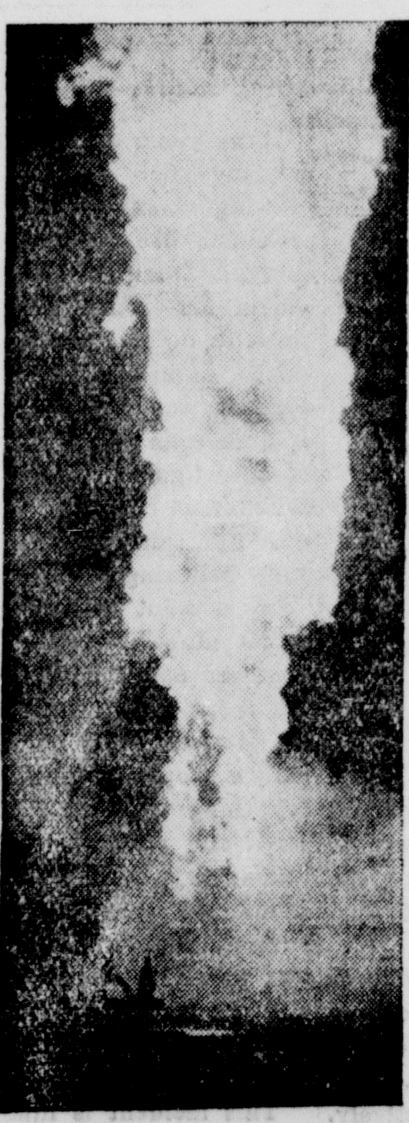

Wally Sharples will come direct from New York to act as master of ceremonies for the Dallas performers of the Major Bowes ama-

teurs. To accommodate the acts scheduled to appear here beginning June 12 when the exposition opens, the Magnolia Lounge has been remodeled to provide an adequate stage, and additional seating capacity. The air-conditioned lounge is located near the Grand Avenue entrance to the grounds.

"The five shows daily will be free and are being offered for the entertainment of exposition visitors," Mr. Lege said. Each unit of four acts will run two weeks; there will be ten entirely different shows during the June 12-October 31 exposition period.

"Magnolia, in cooperation with Major Bowes, is glad to bring outstanding amateur performers direct to Dallas for the entertainment of visitors to the Greater Texas and Pan American Exposition," stated Mr. Lege.

## HOT ENOUGH FOR YOU?

It took an all-time record blast of 155 quarts of nitroglycerin to extinguish this fire at the Continental Oil Company well at Monument Field, New Mexico. The blast raged eight days but was finally tamed by Myron M. and Floyd T. Kinley, famed fire-fighters, flown to the scene by Condor. So intense was the heat that high-pressure fire hose carrying a full stream of water burned like paper during the operation.

## Handful Hauls Trainloads

Reproduced in detail, the Santa Fe Railway System is reproduced in miniature at the Pan American Exposition, in Dallas June 12-October 31. Minton Cronkrite, Californian who built the little 1/48th-size "Santa Fe" line, is shown setting a match stick "trainman" at the brakes of a car loaded with sulphur. Some idea of the size of the locomotive is given by an Exposition hostess, Texanita Lois Crow.

Bill, our colored camp cook, told us one evening after supper of a funeral that he attended and said there was a ventriloquist present unknown as such by any one. The funeral was very impressive and decorum perfect until at the grave when lowering the body into the excavation the corpse requested, "Let me down easy, boys," and we did, said Bill. After laughing someone asked: "Bill, did they finish the funeral?" "I declar boss," replied Bill, "I don't know. I never even look back."

## When You Need a Laxative

Thousands of men and women know how wise it is to take Black-Draught at the first sign of constipation. They like the refreshing relief it brings. They know its timely use may save them from feeling badly and possibly losing time at work from sickness brought on by constipation.

If you have to take a laxative occasionally, you can rely on

**BLACK-DRAUGHT**  
A GOOD LAXATIVE

Mrs. J. L. Meeks and son, Littleton, of Gainesville, Ga., are guests of Mr. and Mrs. Garland Tumlin. On their return Mr. and Mrs. Tumlin will accompany them for a visit in his old home at Gainesville.

## FAT?

Lose 5 lbs. a week  
Safely or No Pay

If you are overweight and flabby, you can lose weight amazingly easy. There is no need to punish yourself with backbreaking exercise—no need to starve yourself and deny your body the foods you need for health.

REDUCE by this DRUGLESS method. Thousands of women are getting back to normal weight easily and quickly by using WATE-OFF, a harmless food compound (no salts, no dinitrophenol, no drugs, no harmful laxatives). WATE-OFF is composed of vegetable and herbal ingredients that neutralize the body acids—thus preventing accumulation of fat. The instructions say: "Take WATE-OFF before meals, then eat your hearty fill." "Results," users say, "are simply amazing." A tablet taken 4 times a day will cause unsightly pounds to melt away like magic—leaving no saggy, flabby or broken-down tissue. You've seen WATE-OFF advertised in Pictorial Review, Physical Culture and other leading magazines at \$2.45 per treatment. Here now is your opportunity to purchase this same full-size treatment for only \$1.19. Furthermore, if you are not satisfied with the results, you have the privilege of returning the empty carton and we will return your money.

2 weeks treatment \$1.19  
For Sale By INZER PHARMACY

## INZER DRUG STORE OFFERS

### FREE SAMPLE OF NEW HIGH BLOOD PRESSURE TREATMENT

Every High Blood Pressure Sufferer in Hamlin is urged to go to Inzer Pharmacy and receive a free sample of ALLMIN Essence of Garlic Parsley Tablets for High Blood Pressure. These are the tablets used by Dr. Frederick Damrau, eminent physician of New York City, in his now famous clinical work, when he reduced the blood pressure and relieved dizziness and headaches in the great majority of all cases treated. Get a copy of Dr. Damrau's interesting report, along with your free sample of ALLMIN. A special new process by which these tablets are produced makes them both tasteless and odorless. A two weeks' treatment costs only 50c. (33 34 35 36 37 38)

The bride of a few weeks noticed that her husband was depressed.

"Gerald, dearest," she said, "I know something is troubling you, and I want you to tell me what it is; your worries are not your worrier now, they are our worries."

"Oh, very well," he said, "we've just had a letter from a girl in New York, and she's suing us for breach of promise."

## Health-Wrecking Functional

### PAINS

Severe functional pains of menstruation, cramping spells and jangled nerves soon rob a woman of her natural, youthful freshness. PAIN lines in a woman's face too often grow into AGE lines!

Thousands of women have found it helpful to take Cardui. They say it seemed to ease their pains and they noticed an increase in their appetites and finally a strengthened resistance to the discomfort of monthly periods.

Try Cardui. Of course if it doesn't help you, see your doctor.

## COMMERCIAL FAILURES FOR TEXAS PAST MONTH 52% LOW

AUSTIN, TEXAS. — Commercial failures in Texas during May almost reached the vanishing point, the University of Texas Bureau of Business Research has announced.

There were only eight failures during the month against seventeen the preceding month and eighteen in May, 1936, decreases of 52.9 per cent and 50 per cent respectively. The decline in liabilities was even greater than that in the number of failures. Total liabilities for the month amounted to only \$23,00, a decline of 93.7 per cent from April and 81 per cent from May last year. Average liability per failure was on-

ly \$3,000 against \$21,000 the preceding month and \$8,000 the corresponding month last year.

## SOCIAL SECURITY TIGHTENS DOWN

DALLAS, June 18.—With only a few days remaining which social security account numbers will be assigned by postmasters throughout the country, the Social Security Board announces the virtual completion of its plans for taking over the job on July 1. Applications for account numbers under the Federal old-age benefits program were made at the rate of approximately 41,000 a working day during the month of May, the Board said. This rate probably will be lessened after June 30. The total of assigned account numbers in the Records Division of the Bureau of Federal Old-Age Benefits on June 1, was 27,787,838.

E. L. Tutt, manager of the Dallas field office of the Social Security Board, explains that workers may continue to obtain blank application forms from the post offices after June 30 except in cities where the Board has established field offices, but that the actual assignment of account numbers will be made in Texas through designated field offices in the following cities: Austin, Dallas, El Paso, Houston and San Antonio.

Tutt stated that the reasons for requesting all wage earners in occupations covered by the Social Security Act to apply for account numbers without delay are:

FIRST, because it is essential to the subsequent setting up of their accounts, which are used in determining the benefits to which they may ultimately become eligible.

SECOND, because it will simplify the employer's task when he hires new employees if these employees can give their account numbers;

THIRD, because it will be helpful in keeping the records maintained by State unemployment compensation administrations.

Until July 1, the Board explains, an employee may choose any one of four different ways to file his completed application. They are: (1) by giving it to his employer, (2) by giving it to his labor union, (3) by delivering it to his local post office, (4) by mailing it in a sealed envelope addressed "Postmaster, local."

By the last day in June every employer in industry and commerce will have to make sure that each of his employees has a social security account number in order to make a required report to the Treasury Department on wages paid for employment since January 1, 1937. If an employee has failed to obtain a number, a Treasury regulation stipulates that the employer must file on his behalf. The employer must file this initial information return on or before July 31.

Some people have head trouble when they put their feet down.

If you use yesterday's methods today, you won't be in business tomorrow.

Politeness is the strongest rebuke to him who is rude.

## "IF YOU WANT IT DONE RIGHT—"

Many years ago when the railroad industry was still suffering acute growing pains, a certain railroad president became aware of the inadequate and obsolete equipment which his company owned, and decided to do something about it. One would naturally think that such a decision would involve the calling in of numerous assistants, a long series of investigation, and the study of voluminous records. But not so with this railroad president. Apparently believing in the old saying that "if you want something done right, do it yourself," he immediately ordered an observation car hooked to the front of a locomotive and journeyed over every mile of his company's property, taking notes on every thing from tie spikes to rolling stock and buildings. As a result of this survey, so the story goes, "thousands of new oversize cars were bought, doubling the freight capacity; powerful engines were ordered; and the road was straightened, later called the most magnificent railroad property in America."

This incident is illustrative of the aggressive leadership and far-sighted ability that characterized the "behind the scenes" development and growth of the American railroads. Citizens of the far West will ever be thankful to these leaders for the part they played in bringing

Western commerce into close contact with the industrial East. Probably the railroad exerted the greatest single force toward unifying our commercial life and binding together the interests of all the people in the making of the great and powerful nation which America is today.

Aggressive, far-sighted railroad leadership has not faded with the passing of the years. The modern "streamliner" and efficient, courteous service is proof enough of this fact. Modern railroad organizations are alive and flexible to changing conditions, and as always are seeking that illusory ideal—perfection.

## IMPORTANCE OF

### THE BREAKFAST HOUR

Since breakfast time is one of the loveliest hours of a summer day, its possibilities should not be wasted. While the sun is bright but not hot and the air is still a little crisp, the smart housewife can serve a cheerfully simple meal that is guaranteed to counteract any amount of "getting up on the wrong side of the bed."

Many fresh fruits can be obtained at reasonable prices throughout the summer, and one cannot serve too many of them. Nor is it necessary to stick to one particular kind of fruit every morning, when with a little effort, berries, peaches, apricots, and others can be found.

## MENUS

1. Cantaloupe, French toast, butter, poached eggs, coffee.
2. Fresh peaches with sugar and top milk, Post Toasties with milk, scrambled eggs, buttered toast, coffee or milk.
3. Blackberries with sugar and top milk, shredded wheat with milk and cream, bacon, toast, coffee or milk.
4. Cantaloupe, bacon and eggs, popovers, coffee, milk.
5. Fresh figs, toasted rolls with strawberry jam, creamed codfish and boiled potatoes, milk, coffee.

## Daughter Receives Degree From Father

Miss Louise Hubbard proudly receives her bachelor of arts degree from the hands of her father, Dr. L. H. Hubbard, president of Texas State College for Women at Denton. When she walked down the aisle with the 282 members of her graduating class, Louise caused a slight break in the formal ceremony because she "wanted to get that sheepskin straight from Dad."

Miss Agatha Griffin came home last Friday to see her father and mother and returned to Hendricks Memorial Hospital to resume her study. She has started on her last year there.

## PLASTERCO HOME DEM. CLUB

"Material for upholstering furniture should be durable," stated Miss Joellene Vannoy, County Home Demonstration Agent, Fisher Co., to the members of the Plasterco Home Dem. Club which met at the home of Mrs. Faye Fancher, Monday, June 21.

Material should be one that would not soil easily and stand a great deal of wear. Damasks are not de-

sirable because of the long float thread which gives them sheen and up easily. Metallic materials are very desirable because they are very stiff and tarnish. Firmly woven cotton materials and mohair among the most desirable.

Our next meeting will be in the home of Mrs. Ware, at that time will have a hammock making demonstration.

Sandwich plates were served the following:

Mmes. Carr, Ware, Hudson, die, Barnes, Parker, Fancher, liams and Hines.

Mrs. Luther Terrell and Mrs. J. Cross of the Crossroads H. D. Club, were visitors and the also attended.—REPORTER.

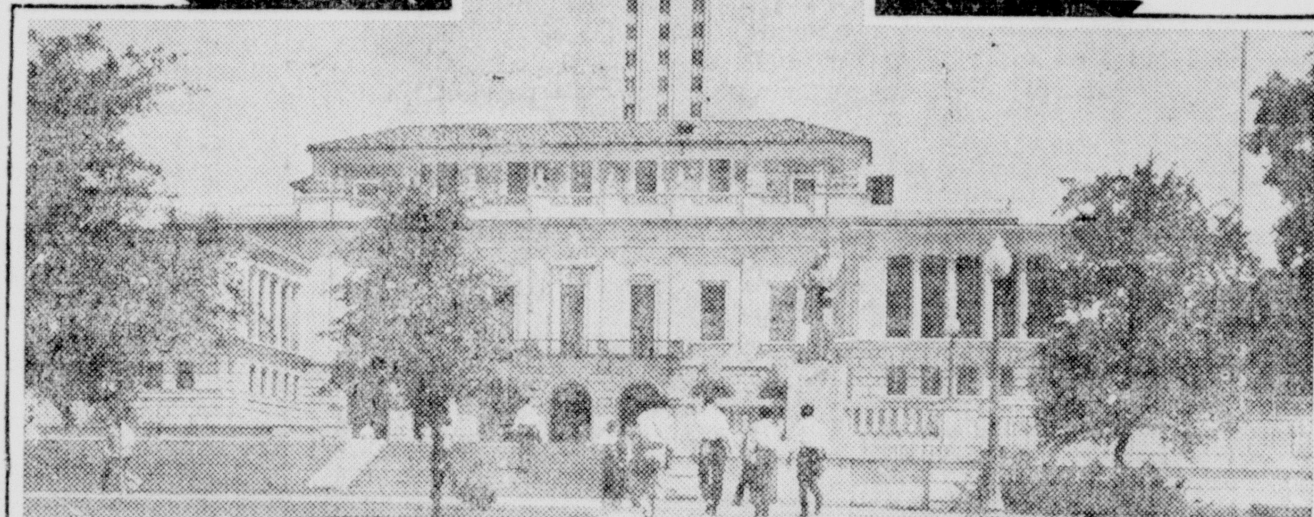

## University of Texas Three Million Dollar Administration-Library Building Completed

### Below Left

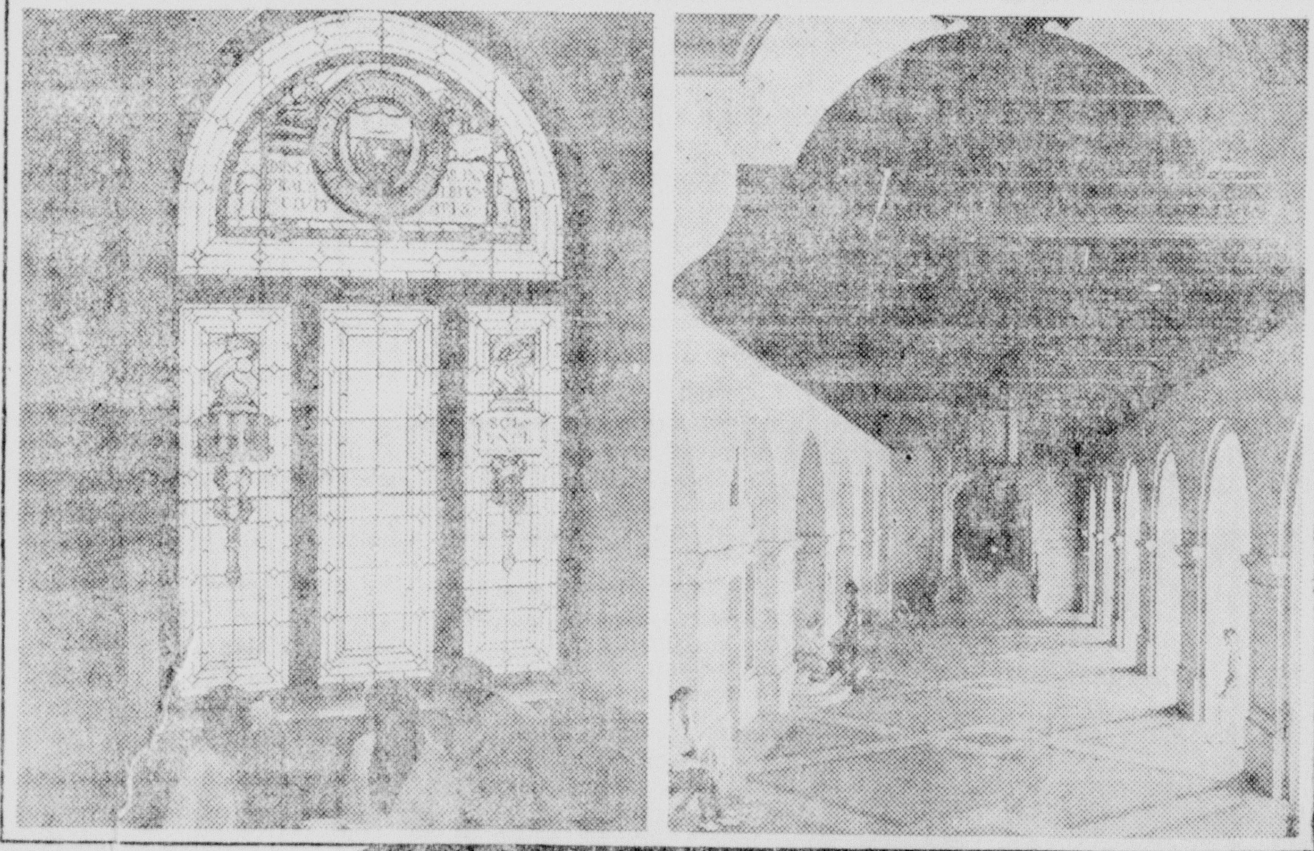

STAINED GLASS WINDOW IN NEW BUILDING REMOVED FROM OLD MAIN BUILDING

### Below Right

ORNAMENTAL TERRACE IN FRONT OF MAIN ENTRANCE TO NEW BUILDING

New Administration-Library Building—University of Texas

With only a few minor details yet to be attended to, the new unit of the Administration-Library Building of The University of Texas, located in the center of the main campus at Austin, is ready for occupancy. The cost of the two units comprising the imposing structure, including fixtures and furniture totaled approximately three million dollars. Not a penny of this sum came from the taxpayers.

From an architectural standpoint, the tower, 308 feet high, with its 28 book-stack stories, is its outstanding feature. Its higher elevation causes it to rise several feet above the Capitol dome. In addition to book stacks, its space will be devoted to offices for a number of members of the faculty.

The new unit of the building contains the offices of the president, registrar, auditor, comptroller, librarian, and dean of the College of Arts and Sciences. Among the many attractive features are two rooms, exposed on three sides, and entirely glass-enclosed, for pleasure reading.

Students who attend the 1937 summer session will be the first to have opportunity to use the building in its completed form.

# "Listen, Folks"

BY JIM FERGUSON

(Editor's Note: This article is published as a news item, and represents the personal views of Mr. Ferguson only).

## OFFICE AND CANDIDATES

My wife and I are receiving many letters every week, asking if my wife is again going to run for Governor. Some of the letters seem to be merely seeking information, while many of the letters urge my wife to run for a third term. By the way, there is quite a well developed rumor around Austin that Governor Allred is thinking of running for a third term. Some of his close friends are talking about chances.

My wife has asked me to answer the letters which she is getting and to tell me to say that she has no desire to again meet the rigors of a political campaign. While my wife's health and my health is better than has been in years, yet we are fully aware and we have not forgotten the physical ordeals of political contests, and neither she nor I are looking for the hazard and turmoil of politics.

Unless there should be some widespread and general demand amounting to a public duty to render a personal service, my wife says that she is willing to leave the field to the younger statesmen who are willing to extinguish or distinguish themselves on the altar of their country.

Frankly, I do not look for any demand that would induce my wife to become again a candidate. However, there is already a well developed idea in the minds of the people that there must be a decided change in the administration of the government, both state and national.

With continued spending yearly over seven billion dollars (\$300) a family a year by the Federal government and over 85 million a year by the State (\$70 per family) amounting already to thirty-five billion by Federal Government and deficit of over 32 million by the

State of Texas, it is already so burdensome that the people are alarmed and they are impressed with the serious necessity of electing people to office who will have the courage to call a halt to governmental extravagance.

A 32 million deficit of the State of Texas is far more oppressive than a debt of billions by the Federal Government, because the nation has more sources of revenue with which to pay its debts.

This is why so many people urge my wife to again run for Governor. The miserable mess which has been made of state affairs is causing the people to ask who can best handle the deplorable situation that confronts us. It is not that my wife's administration was so good, but that the present administration is so bad that makes the people want a change.

In any event the people should select the next Governor from the standpoint of ability and qualification. Certainly we have had enough of hand shaking and baby kissing politicians.

The people are entitled to a break, and it won't hurt if we have a dozen candidates to draw from in the next race for Governor. What we may fail to get in brains might be made up in luck. Come on, statesmen and tell us where you are "from" and what you are "for."

JAMES E. FERGUSON,  
Box 1158, Austin, Texas.

Mr. and Mrs. Jimmie Miller, Mr. and Mrs. Jess Miller and daughter, Joyce, Mr. and Mrs. Ben Wilkinson and Beulah Wilkinson spent the week-end in Seymour visiting relatives and friends. They were accompanied home by Louise, Steuart and Viola Lively, of Seymour and Alma Roberts of Knox City.

## TIT FOR TAT

He—Why does a woman say she's been shopping, when she hasn't bought a thing?

She—Why does a man say he's been fishing when he hasn't caught a thing?

## SOCIAL SECURITY REGARDING ACCTS.

EMPLOYERS and EMPLOYEES WARNED REGARDING SOCIAL SECURITY ACCOUNT NUMBERS

DALLAS, June 15.—Employers were advised today in a statement issued by E. L. Tutt, manager of the Dallas field office of the Social Security Board, of the requirements for filing Form SS-5 on behalf of former employees for whom they have no social security account numbers.

Tutt's statement emphasized the dangers of inadequate identification and of the completeness with which the employers' requirements are met by the filing of Form SS-5. He urged employers wherever it is possible to secure account numbers of former employees by direct contact with such employees before filing Form SS-5 on behalf of such employees.

Employees were urged by Tutt to furnish their account numbers to each of the employers for whom they have worked, regardless of time of employment, since January 1, 1937, up to date, in case they have not already done so. Where a former employer is compelled to file Form SS-5 on behalf of the employee, a duplicate wage account will undoubtedly be set up for him in Baltimore. If this should occur, the statement said, it would complicate matters and might involve difficulties and delays when the time arrives for the filing of a claim for the payment of benefits to the employee who fails to inform his employer of his account number.

Employees were urged to write to their former employers, giving their names and account numbers, in order to save the former employer the necessity of filing Form SS-5 for a new account for the person who had formerly worked for him.

## BUYING CATTLE AND HOGS

Will pay you the highest market price for your cattle and hogs—fat or lean. CHARLIE SELLERS, 3 miles west of Hamlin. (p)

HER CLOTHES  
SPARKLE WITH SMARTNESS

... yet her kitchen is 12 years behind the times

From the tilt of her hat to her trim shoes and ankles, she has style. Her voice, her every gesture have a way in making a favorable first impression. One day she invited a foursome in for bridge. Through an open door they saw her kitchen. Ugly, old-fashioned and obviously inefficient, it all but ruined her reputation for smartness. It is surprising how many women, particular about every detail of costume and grooming, are careless about their kitchens! This is unforgivable, because any woman can now afford to glorify her kitchen with today's gas range—the range fashionists and designers everywhere hail as the most beautiful cooking appliance... the key to kitchen beautification, as well as cooking modernization. It takes mighty little money to put your kitchen ahead in style. See the new gas ranges today!

BUILT IN TEXAS BY TEXAS LABOR

## SHERIFF'S SALE

THE STATE OF TEXAS )  
County of Jones )

BY VIRTUE of a certain Execution issued out of the Honorable District Court of Fisher County, on the 30th day of April 1937, by Exa Ford, Clerk of said court against C. B. BROWN for the sum of Three Hundred Fifty & 90-100 (\$350.90) Dollars and costs of suit No. 1656 in said Court, styled T. A. NORMAN versus C. B. BROWN and placed in my hands for service, I, J. L. Gordon as Sheriff of Jones County, Texas, did, on the 10th day of June 1937, levy on certain Real Estate, situated in Jones County, described as follows, to-wit:

Being the East 1-2 of Survey No. 21, Orphan Asylum Land, under File No. 4229, Abstract 1445, located in Jones County, Texas, containing 320 acres more or less of land, which is more fully described by metes and bounds as shown in Volume 203 at page 537 of the Deed Records of Jones County, Texas, to which reference is hereby made.

(The above described judgment is now the property of A. J. Smith, Jr. as the Assignee of T. A. Norman, the Plaintiff.

and levied upon as the property of said C. B. Brown. And on Tuesday, the 6th day of July 1937, at the Court House door of Jones County, in the town of Anson, Texas, between the hours of ten A.M. and four P.M. I will sell said lands at public vendue, for cash, to the highest bidder, as the property of said C. B. Brown by virtue of said levy and said Execution.

And in compliance with law, I give this notice by publication, in the English language, once for three consecutive weeks immediately preceding said day of sale in the Hamlin Herald a newspaper published in Jones County.

Witness my hand, this 10th day of June, 1937.

J. L. GORDON  
Sheriff Jones County, Texas  
By B. F. BAILEY, Deputy  
6-11-18-25-1937

## BOYD CHAPEL CHIRPS

Mr. and Mrs. Ollie Estes visited with relatives at Post from Thursday to Saturday. Their daughter, Cloveta, who had been visiting there for several days, returned home with them.

Miss Tommie Jane Taft of O'Brien spent last week with Miss Virginia Cozzen.

Como Young of Denton, is visiting with his parents, Mr. and Mrs. Bob Young.

Mrs. Eric Crow and little daughter returned home Sunday after having spent several days with her parents, Mr. and Mrs. Hill, in Abilene.

Several young people of the community spent Sunday with Dee Young.

Mrs. Buster Bingham is still under the treatment of a doctor in Abilene.

Mr. and Mrs. Thompsey Young and daughter, Yvonne, spent Sunday with Mrs. Young's father, Mr. O'Neal of Flat Top.

Mr. George Bristow is not doing so well at present.

Little Miss Patsy Ivey of Carlton, spent Friday with Miss Deloris Tindal.

A large crowd enjoyed the program presented here Sunday evening by the young people of the Methodist church of McCaulley.

Mr. and Mrs. Ben Byrd spent Sunday with their parents, Mr. and Mrs. Charlie Young.

The Willing Worker's Club met with Mrs. J. P. Cornelius last Tuesday afternoon. The members quilted a quilt for Mrs. Cornelius. Cake and punch was served to all present.—REPORTER.

## CHURCH OF CHRIST

WOODIE HOLDEN, Minister.

Beginning next Sunday evening, June 27, there will be a revival meeting conducted in the community tabernacle in McCaulley under the sponsorship of the McCaulley congregation of the church of Christ. Woodie Holden of Hamlin will do the preaching while Floyd Bevels is to lead in the singing.

This opportunity is taken to invite and encourage everyone in driving distance to be sure to come. Remember the date, beginning Sunday evening, June 27, to continue until Sunday night, July 11.

Good crowds were in attendance at the services of the church of Christ in Hamlin last Sunday. Remember that you are invited to return, or if you have not been, to start coming.

Horace W. Busby is in a revival meeting with the church of Christ in Anson. Many Hamlin people may be benefitted by driving there to hear him.

There will be another gospel service at Flattop Sunday afternoon. The lesson will be found in the second epistle of Peter, chapter one.

Wherever there is a service of the church of Christ, you are urged to attend, and assured of a welcome when you come.

Little Miss Rosa Beth Shankle, of Wichita Falls, is a guest of her friend little Miss Twila Ruth Smith.

Mrs. George Gray of Sweetwater, visited friends here from Saturday until Monday of this week.

Mrs. Mary J. Neely, of Abilene, is spending the week here with her daughter, Mrs. C. C. Prater and family and her son, Tom Neely and wife.

## SPECIAL SERVICE

There will be special services at the Church of the Nazarene, Sunday, June the 27th. Prof. L. T. Corlett, Dean of theology, Bethany-Peniel College, and one of the Vocal quartets will be in charge of the morning service. This will be a service of interest to all who attend.

We extend a cordial invitation, to our friends to worship with us upon this occasion. These visitors will afford you a special service in song, music, and ministry of the Word.

W. F. RUTHERFORD, Pastor.

## MEN INVADE GIRLS' SCHOOL

DENTON.—"Men on the campus" ... nothing would seem strange about that if it were not that the campus concerned happens to be at Texas State College for Women. High school drama and debate coaches and students in the new Speech Institute are the lucky males since these recently organized courses are the first ever to be offered to masculine knowledge seekers.—T.S.C.W. Service.

Mistree to Maid—Liza, what ever induced you to fall in love with a man as homely as Rastus?

Liza—Well, I'll tell you, Missus, I was moonlighted into loving him.

Bob Smith, formerly of Hamlin, but now on Rt. 5, Mt. Pleasant, was back in Hamlin last week to attend to business and to visit his daughter, Mrs. Olvis Dean and family. Mr. Smith was accompanied by his sister, Mrs. May Reed. Mr. Smith was in poor health the last year while in Hamlin, but he says now he can sleep like a baby and eat like a pig. They are on the farm and have a big bunch of Hamlin Hatchery chicks to mix with the East Texas mellons, peaches and blackeyed peas. But Bob's Hamlin friends may expect him to miss the cool refreshing nights of West Texas—and maybe he'll come back and settle down.

You save by taking the Herald.

Miss Pat Allbritton of Waco, is here for a two weeks visit with Miss Katherine Adkins and other Hamlin friends.
